It is not physical bravery or the executive energy of the soldier, as demonstrated in the lives of the Duke of Mariborough and Alexander the Great. It is not genius, else would Byron and Poe been possessed of it. John Howard and Henry Wilson were named as those who possessed manhood without genius, and Emerson and Longfellow as possessing both.

It is not more unresisting goodness or "goodishness."

It is a pity that the names of all the persons who each month draw all the prizes in the monthly scheme of the Louisiana State Lottery Company cannot be published, for then it could be seen exactly where every dollar goes to. This could be done but for the reason that some winners object to having their names made known, and it is a rule of the company not to divulge them without permission. ECZEMA RODENT.
